

Item Code 62583/62662
**Aluminum Sliding Bevel
with Angle Scale 60 cm**

■ Use

- Scribing and drawing of any angle
- After measuring the angle, it can be used as a guide for a circular saw
- Can be used to measure length

■ Features

- Useful for checking angles on welded areas
- Blade can be on either side of the stock for symmetrical work
- Cross brace prevents any accidental change in angle
- Light aluminum material

WARNING

This product can expose you to chemicals including Lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

CAUTION

- Do not use other than as intended
- Do not drop or subject to strong impact as this may cause malfunction
- Avoid catching your fingers in the moving parts
- If dirty, wipe with a cloth soaked in water or a neutral detergent. Do not wipe with solvents such as thinner or benzine.
- Scale may wear off due to rubbing
- Take care to avoid electric shock as aluminum conducts electricity
- Since aluminum can expand or contract easily due to changes in temperatures, avoid use when precise measurements of length needed
- We shall not be liable for any consequential, incidental, or indirect damages such as losses and lost profits to the customer as well as a third party resulting from the operation of this product, regardless of whether or not they were foreseeable or the possibility was reasonably foreseeable

■ Specifications

Length Tolerance	±0.35 mm
Material	Body: Aluminum Grip Nut: Polypropylene resin
Body Size	655 × 30 × 28 mm
Weight	480 g
